Testimonial for:
Powerful training skills for trainers

I was lucky to experience the work of Simona as a trainer first hand. She is the type to like; cheerful and happy (energy).

Next to this she is extremely present; taking the lead when necessary, seeing what needs to be seen and respond perfectly.

Her sharpness and accuracy as a trainer combined with her open, outgoing and uplifting attitude made this training experience with her one that made me feel confident and supported!

Wim Spieringhs

Testimonial for:
Team-building and legal framework for Works Councils

Simona was an active member of the Works Council herself.

With this experience, her practical skills and her expertise in training, she is a strong and reliable source to train Works Council's members.

She is able to provide good insights in the rights of the Works Council and how it can play its role within the organization for the benefit of the employees the Works Council represents.
